## **DETAILED ACTION**

### ***Claim Rejections - 35 USC § 112***

1. Claims 1—14 and 16-17 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

a. The following claims are vague, indefinite, awkward, and confusingly worded:

i. "it" in claim 1, lines 7&8, the limitation must be positively recited with the proper antecedent basis.

ii. Claim 6 states that the guide vane is mounted to the resilient material but it is not it is mounted to the chamber wall. And claim 12 is indefinite because these members are not disclosed to be integral.

iii. Claim 14 is indefinite because what limitations are being claimed.

The limitations of claims 2-7 need to be positively recited.

b. Regarding claim 10, LINE 2, the phrase "foam-like or the like" renders the claim(s) indefinite because the claim(s) include(s) elements not actually disclosed (those encompassed by "or the like"), thereby rendering the scope of the claim(s) unascertainable. See MPEP § 2173.05(d). Applicant should use foam-type.
